The Evolving Role of the Public Prosecutor Victoria Colvin, Philip Stenning, 2018-09-24 The modern public prosecutor is a figure both powerful and enigmatic Legal scholars and criminologists often identify three essential components of criminal justice systems police courts and corrections Yet increasingly the public prosecutor occupies a distinct role independent from any of these branches Acting outside of the court and therefore largely out of the public eye the prosecutor's control over whether and what charges proceed to court can limit judicial discretion on sentencing open pathways to alternative measures and even deny entry into the criminal justice system entirely In this sense the prosecutor serves as a true gatekeeper to the criminal process This book addresses key aspects of the evolving role of domestic and international prosecutors in common law and civil law systems in the twenty first century and the challenges posed by this evolution This collection of chapters from respected scholars takes an international comparative approach and explores how these different legal systems have borrowed theorisations and articulations of the prosecutorial role from each other in adapting the office to changing conditions and expectations The volume is structured around four main themes relating to the role of the modern prosecutor the nature of the prosecutor's office the role of the prosecutor in investigations prosecutorial discretion and how it is exercised and politicisation and accountability of prosecutors This book is essential for scholars and students in criminal justice pre law legal studies criminology justice studies and political science and is useful as a resource for those interested in legal change around the world

Public Law Adjudication in Common Law Systems John Bell, Mark Elliott, Jason NE Varuhas, Philip Murray, 2016-04-07 This volume arises from the inaugural Public Law Conference hosted in September 2014 by the Centre for Public Law at the University of Cambridge which brought together leading public lawyers from a number of common law jurisdictions While those from such jurisdictions share background understandings significant differences within the common law world create opportunities for valuable exchanges of ideas and debate This collection draws upon one of the principal sub themes that emerged during the conference namely the way in which relationships and distinctions between the notions of process and substance play out in relation to and inform adjudication in public law cases The essays contained in this volume address those issues from a variety of perspectives While the bulk of the chapters consider topical issues in judicial review either on common law or human rights grounds or both other chapters adopt more theoretical historical empirical or contextual approaches Concluding chapters reflect generally on the papers in the collection and the value of facilitating cross jurisdictional dialogue
