The Icarus Deception Seth Godin, 2012-12-31 In Seth Godin s most inspiring book he challenges readers to find the courage to treat their work as a form of art Everyone knows that Icarus s father made him wings and told him not to fly too close to the sun he ignored the warning and plunged to his doom The lesson Play it safe Listen to the experts It was the perfect propaganda for the industrial economy What boss wouldn t want employees to believe that obedience and conformity are the keys to success But we tend to forget that Icarus was also warned not to fly too low because seawater would ruin the lift in his wings Flying too low is even more dangerous than flying too high because it feels deceptively safe The safety zone has moved Conformity no longer leads to comfort But the good news is that creativity is scarce and more valuable than ever So is choosing to do something unpredictable and brave Make art Being an artist isn t a genetic disposition or a specific talent It s an attitude we can all adopt It s a hunger to seize new ground make connections and work without a map If you do those things you re an artist no matter what it says on your business card Godin shows us how it s possible and convinces us why it s essential
