A Man with Desires. 2 Manuel García,2025-10-09 These are not stories of fantasy they are stories of men Real men silent rough edged virile Men who do not talk about desire but live it in sweat in heat in the accidental friction of bodies that cannot avoid each other Manuel Garc a captures those moments when conflict becomes attraction when a glance burns heavier than words when the unsaid explodes into flesh This is not pornography it is the naked pulse of eroticism between men At the center of this collection stands A Man with Desires A hot Sunday in C diz a family outing to the crowded beach at Chipiona Beneath the ordinary rituals umbrellas small talk and swims in the surf runs another current the unexpected encounter with Iv n the mechanic Older broader rougher now than memory recalls but his presence calls back a shared history a tension never forgotten a hunger that time has only sharpened The sun burns overhead the sand clings to our skin He greets me with an ease that hides nothing his chest damp with sweat his eyes fixed on mine as if we were already alone My brother s voice fades into background noise the crowd disappears It is just his hand gripping mine firm and familiar and the rush of heat that rises from the place where our bodies almost touch The sea wind carries salt and with it the weight of everything unsaid between us Encounters like these do not announce themselves They strike they overwhelm they leave their mark Desire walks beside us silent waiting to seize the moment

Confessions of a Gay Priest Tom Rastrelli,2020-04-15 Tom Rastrelli is a survivor of clergy perpetrated sexual abuse who then became a priest in the early days of the Catholic Church s ongoing scandals Confessions of a Gay Priest divulges the clandestine inner workings of the seminary providing an intimate and unapologetic look into the psychosexual and spiritual dynamics of celibacy and lays bare the formation system that perpetuates the cycle of abuse and cover up that continues today Under the guidance of a charismatic college campus minister Rastrelli sought to reconcile his homosexuality and childhood sexual abuse When he felt called to the priesthood Rastrelli began the process of priestly discernment Priests welcomed him into a confusing clerical culture where public displays of piety celibacy and homophobia masked a closeted underworld in which elder priests preyed upon young recruits From there he ventured deeper into the seminary system seeking healing hoping to help others and striving not to live a double life Trained to treat sexuality like an addiction he and his brother seminarians lived in a world of cliques competition self loathing alcohol hidden crushes and closeted sex Ultimately the formation intended to make Rastrelli a compliant priest helped to liberate him

Pleasure and Efficacy Grace E. Lavery,2023-05-30 Finalist for the National Book Critics Circle Award in Criticism A leading trans scholar and activist explores cultural representations of gender transition in the modern period In *Pleasure and Efficacy* Grace Lavery investigates gender transition as it has been experienced and represented in the modern period Considering examples that range from the novels

of George Eliot to the psychoanalytic practice of Sigmund Freud to marriage manuals by Marie Stopes Lavery explores the skepticism found in such works about whether it is truly possible to change one's sex This ambivalence she argues has contributed to both antitrans oppression and the civil rights claims with which trans people have confronted it Lavery examines what she terms trans pragmatism the ways that trans people resist medicalization and pathologization to achieve pleasure and freedom Trans pragmatism she writes affirms that transition works that it is possible and that it happens With Eliot and Freud as the guiding geniuses of the book Lavery covers a vast range of modern culture poetry prose criticism philosophy fiction cinema pop music pornography and memes Since transition takes people out of one genre and deposits them in another she suggests it should be no surprise that a cultural history of gender transition will also provide by accident a history of genre transition Considering the concept of technique and its associations with feminine craftiness as opposed to masculine freedom Lavery argues that techniques of giving and receiving pleasure are essential to the possibility of trans feminist thriving even as they are suppressed by patriarchal and antitrans feminist philosophies Contesting claims for the impossibility of transition she offers a counterhistory of tricks and techniques passed on by women to women that comprises a body of knowledge written in the margins of history
