Made in Censorship Thomas Chen, 2022-05-24 The violent suppression of the 1989 Tiananmen Square demonstrations is thought to be contemporary China's most taboo subject Yet despite sweeping censorship Chinese culture continues to engage with the history meaning and memory of the Tiananmen movement *Made in Censorship* examines the surprisingly rich corpus of Tiananmen literature and film produced in mainland China since 1989 both officially sanctioned and unauthorized contending that censorship does not simply forbid it also shapes what is created Thomas Chen explores a wide range of works made despite and through censorship including state propaganda underground films and controversial best sellers Moving across media from print to the internet TV to DVD fiction to documentary he shows the effects of state intervention on artistic production and consumption Chen considers art at the edge of censorship reading such disparate works as a queer love story shot without permission that found official release on DVD an officially sanctioned film that was ultimately not permitted to be released a novel built on orthographic elisions that was banned and eventually reissued and an internet narrative set during the SARS epidemic later published with alterations He also connects Tiananmen with the story of COVID 19 in China and considers the implications for debates about the reach and power of the Chinese state in the public realm both domestic and abroad A bold rethinking of contemporary Chinese literature and film this book upends understandings of censorship uncovering not just what it suppresses but also what it produces *Ruin and Reformation in Spenser, Shakespeare, and Marvell* Stewart Mottram, 2019-02-11 *Ruin and Reformation in Spenser Shakespeare and Marvell* explores writerly responses to the religious violence of the long reformation in England and Wales spanning over a century of literature and history from the establishment of the national church under Henry VIII 1534 to its disestablishment under Oliver Cromwell 1653 It focuses on representations of ruined churches monasteries and cathedrals in the works of a range of English Protestant writers including Spenser Shakespeare Jonson Herbert Denham and Marvell

reading literature alongside episodes in English reformation history from the dissolution of the monasteries and the destruction of church icons and images to the puritan reforms of the 1640s The study departs from previous responses to literature's bare ruined choirs which tend to read writerly ambivalence towards the dissolution of the monasteries as evidence of traditionalist catholic or Laudian nostalgia for the pre reformation church Instead *Ruin and Reformation* shows how English protestants of all varieties from Laudians to Presbyterians could and did feel ambivalence towards and anxiety about the violence that accompanied the dissolution of the monasteries and other acts of protestant reform The study therefore demonstrates that writerly misgivings about ruin and reformation need not necessarily signal an author's opposition to England's reformation project In so doing *Ruin and Reformation* makes an important contribution to cross disciplinary debates about the character of English Protestantism in its formative century revealing that doubts about religious destruction were as much a part of the experience of English protestantism as expressions of popular support for iconoclasm in the sixteenth and seventeenth centuries

What Is Pastoral? Paul Alpers, 2011-03-15 One of the enduring traditions of Western literary history pastoral is often mischaracterized as a catchall for literature about rural themes and nature in general In What Is Pastoral distinguished literary historian Paul Alpers argues

that pastoral is based upon a fundamental fiction that the lives of shepherds or other socially humble figures represent the lives of human beings in general Ranging from Virgil s Eclogues to Sarah Orne Jewett s The Country of the Pointed Firs from Shakespeare and Cervantes to Hardy and Frost this work brings the story of the pastoral tradition previously limited to classical and Renaissance literature into the twentieth century Pastoral reemerges in this account not as a vehicle of nostalgia for some Golden Age nor of escape to idyllic landscapes but as a mode bearing witness to the possibilities and problems of human community and shared experience in the real world A rich and engrossing book What Is Pastoral will soon take its place as the definitive study of pastoral literature Alpers succeeds brilliantly He offers a wealth of new insight into the origins development and flowering of the pastoral Ann Maria Contarino Renaissance Quarterly *Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1885 The Book Buyer ,1867 A review and record of current literature **The Encyclopaedia Britannica: Ita to Lor** ,1911 **The Encyclopaedia Britannica** Hugh Chrisholm,1911
