Grotesque Tenderness Daniel Cowper, 2019-05-15 Afraid to be alone we met by lamplight trading stories Sin of Man was one Age of Science another More prayers than answers Daniel Cowper's debut poetry collection Grotesque Tenderness speaks for an unrooted age for unrooted people In these poems city dwellers long to ally themselves with some sympathetic culture or the evolutionary logic of nature but those alliances remain conditional ambiguous or dangerous A tsunami smashes a harbour city into tide rows of burning debris children chase snakes in summer meadows The primordial past spins off rogue by products and flawed replicas while lonely office workers get high on back porches and drink themselves to sleep The musical and kinetic energy of Grotesque Tenderness is driven by our urge to understand pain and our hunger to reach an imperfect reconciliation with the problems of guilt and suffering But in the

tradition of William Blake these poems affirm again and again that the lit world goes on living and life justifies itself through its own workings From elegant lyrics of alienation and heartbreak to long form mythopoeia and lament these poems approach beauty ugliness even criminality in a spirit of wonder and vulnerability Writing the Horror Movie Marc Blake,Sara Bailey,2013-07-18 Tales of horror have always been with us from Biblical times to the Gothic novel to successful modern day authors and screenwriters Though the genre is often maligned it is huge in popularity and its resilience is undeniable Marc Blake and Sara Bailey offer a detailed analysis of the horror genre including its subgenres tropes and the specific requirements of the horror screenplay Tracing the development of the horror film from its beginnings in German Expressionism the authors engage in a readable style that will appeal to anyone with a genuine interest in the form and the mechanics of the genre This book examines the success of Universal Studio s franchises of the 30s to the Serial Killer the Slasher film Asian Horror the Supernatural Horror V rit and current developments in the field including 3D and remakes It also includes step by step writing exercises annotated extracts from horror screenplays and interviews with seasoned writers directors producers discussing budget restrictions screenplay form and formulas and how screenplays work during shooting

literature and media studies the author reveals clues about modern phenomena like conspiracy theory groupthink and the nature of our digital identities
