Marked For Death DK Howard, Nurse Anne Davis needs a new start at life so she packs up and leaves her past behind in Boston She intends to have nothing to do with men while she heals from the horrors inflicted by her deceased husband Dr Nicholas Anderson isn t looking for a long term relationship but despite his best effort he s wildly attracted to Anne How could he know that when her past catches up with her his plans for seduction will throw them both into deadly peril Through no fault of her own Anne s arrival at St Stephen s plunges the entire hospital into

turmoil Because of her lives change for better or worse But when doctors like Nick Anderson vie for Anne s attention they are unaware that any man who takes an interest in her is marked for certain death **Bedside Matters** Kathryn

McPherson,2003-12-15 Nursing embodies the seemingly timeless characteristics of feminine healing caring and nurturing yet this archetypally female vocation also boasts a distinctive and complex history *Bedside Matters* traces four generations of Canadian nurses to explore changes in who became nurses what work they performed and how they organized to defend their occupational interests Whether in the apprenticeship method of the early twentieth century or in the present day restructuring of hospital work the position of nurses within the health care system has been structured by class gender and ethnic and racial relations Located between the doctors and untrained or subsidiary patient care attendants nurses have struggled to define the boundaries of their occupation vis vis other members of the health care hierarchy even as tensions between bedside and administrative nurses created divisions within nursing itself Focusing on the daily labours of ordinary nurses McPherson argues that the persisting sex typing of nursing as women s work has meant that gender consistently complicated nursing s easy categorization as either professional or proletariat Combining archival records and oral histories the author shows how nurses in their work activities and social and sexual attitudes sought recognition as skilled workers in the health care system Previously published by Oxford University Press **Life Before Death** Ann Cartwright,Lisbeth

Hockey,John L. Anderson,2024-05-10 Since death is an experience which will inevitably be common to us all we are often surprisingly uninterested in what services are provided for those people often the elderly and infirm who are at risk or who are on the point of death Originally published in 1973 this study describes the last twelve months in the lives of 785 adults Based mainly on the reports of close relatives it is concerned with the needs of the dying and the care they receive This includes the more emotional aspects such as awareness of dying and the effects of the death on relatives The book looks at the part played by hospitals general practitioners local authority health and welfare services and by relatives friends and neighbours The views of those who provide these services are also considered The picture that emerges shows up the gaps in the care that was given to people in the final year of their lives at the time **Legal Aspects of Health Care**
