China's dark criminal underworld from a celebrated voice in Chinese literature. When Hongyang is found dead after a night of debauched drinking, it looks as if his reign of terror has finally come to an end. Few in this insular community have much reason to mourn his passing. Hongyang is an infamous mob boss, a man with plenty of enemies. But now it seems that his years of crime have also earned him some very dangerous friends. As his funeral draws near, those who knew him come together to look back on a life characterised by corruption, deceit, and a flair for violence. Their recollections will keep Hongyang's legacy alive with terrifying consequences. From the master of Chinese noir fiction comes this explosive new novel about the power of one man unravelled by a tangled web of secrets.

Re-envisioning Peacekeeping François Debrix, 1999. Kritisk gennemgang af de seneste FN interventioner i Irak, Somalia og Bosnien, hvor man let var at skabe international orden. Den Nye Verdensorden under indtryk af fredelig intervention og humanitær bistand.

Cultures of Exile Wendy Everett, Peter Wagstaff, 2004-04-01. Exile is the dominant theme of our times. It can be found in the forced migration of populations but also in the temporal, cultural, and physical alienation of the individual's experiences of the postmodern world. This is a world of unstable, shifting identities dominated and perhaps most acutely expressed by the fluidity of the visual image. The essays in this volume examine issues such as remembering and forgetting, trauma and nostalgia, time and space, social and sexual exclusion in relation to visual media and new technologies, cinema and the visual arts. The multi-faceted and interdisciplinary exploration of exile and displacement, whether geographical, temporal, corporeal, or performative, provides an important analysis of a significant and fascinating aspect of contemporary culture.

We Have Never Been Postmodern Steve Redhead, 2011-06-29. Is it possible that various disciplines, theorists, and cultural commentators have been hurtling down a blind alley in the last thirty years searching for the holy grail of the postmodern? What if, after all, we have never been postmodern? Or what if we are instead now living after postmodernity? As global culture rushes off the cliff of catastrophe with its neo-liberal, neo-conservative ideologies mangled in the process, this book provides theory at the speed of light designed to capture the fast-flickering images of the real gone before you can blink in today's accelerated culture.

Celestina Fernando de Rojas, 2009-12-29. The racy and irreverent Spanish tragicomedy that is considered the first European novel in a spirited new translation. A Spanish Romeo and Juliet. *Celestina* was published in 1499 and became Spain's first ever bestseller. Readers thrilled to the salty character of *Celestina* and her world of prostitutes and black magic, even as they mourned the fate of Calisto and Melibea, the young lovers she unites using her wiles as a seller of perfumes and potions. Fernando de Rojas's exhilarating mix of street wit, obscenity, and cultured rhetoric marks *Celestina* as a masterpiece, an original, explosive genre-defying work that paved the way for the picaresque novel and for Cervantes.

The Novel André Brink, 1998-05-29. The Postmodernist novel has become famous for the extremes of its narcissistic involvement with language. In this challenging and wide-ranging new study, André Brink argues that this self-consciousness has been a characteristic of the novel since its earliest stirrings. More specifically, every novel appears both to construct and to be constructed by its own notion of language.

elaborated through all the strategies of narrative Taking as his starting point the propensity for story embedded in language he offers stimulating new readings of novels from Cervantes to Calvino demonstrating that in many respects the old familiar texts may be more startlingly modern and the Postmodernist texts more firmly rooted in convention than we tend to think

Société de Consommation Jean Baudrillard,1998-02-28 Now available in English for the first time Jean Baudrillard's classic text was one of the first to focus on the process and meaning of consumption in contemporary culture Originally published in 1970 the book still makes a vital contribution to current debates on consumption Many of the themes which would make Baudrillard famous appear here for the first time The book includes Baudrillard's most organized discussion of mass media culture the meaning of leisure and anomie in affluent society A chapter on the body demonstrates Baudrillard's extraordinary prescience for flagging vital subjects in contemporary culture long before others This English translation begins with an introductory essay by Ge

project mentality in creative writing and ways of holding a reader's interest for as long as possible *Why History?* Keith Jenkins, 2005-11-18 *Why History* is an introduction to the issue of history and ethics. Designed to provoke discussion, the book asks whether a good knowledge and understanding of the past is a good thing to have and if so why. In the context of postmodern times, *Why History* suggests that the goal of learning lessons from the past is actually learning lessons from stories written by historians and others. If the past as history has no foundation, can anything ethical be gained from history? *Why History* presents liberating challenges to history and ethics, proposing that we have reached an emancipatory moment which is well beyond the end of history.
