William Blake's Religious Vision Jennifer Jesse, 2013-02-14 In this innovative study Jesse challenges the prevailing view of Blake as an antinomian and describes him as a theological moderate who defended an evangelical faith akin to the Methodism of John Wesley She arrives at this conclusion by contextualizing Blake s works not only within Methodism but in relation to other religious groups he addressed in his art including the Established Church deism and radical religions Further she analyzes his works by sorting out the theological road signs he directed to each audience This approach reveals Blake engaging each faction through its most prized beliefs manipulating its own doctrines through visual and verbal guide posts designed to communicate specifically with that group She argues that once we collate Blake s messages to his intended audiences sounding radical to the conservatives and conservative to the radicals we find him advocating a system that would have been recognized by his contemporaries as Wesleyan in orientation This thesis also relies on an accurate understanding

of eighteenth century Methodism Jesse underscores the empirical rationalism pervading Wesley s theology highlighting differences between Methodism as practiced and as publicly caricatured Undergirding this project is Jesse s call for more rigorous attention to the dramatic character of Blake s works She notes that scholars still typically use phrases like Blake says or Blake believes followed by some claim made by a Blakean character without negotiating the complex narrative dynamics that might enable us to understand the rhetorical purposes of that statement as heard by Blake s respective audiences Jesse maintains we must expect to find reflections in Blake s works of all the theologies he engaged The question is what was he doing with them and why In order to divine what Blake meant to communicate we must explore how those he targeted would have perceived his arguments Jesse concludes that by analyzing the dramatic character of Blake s works theologically through this wide angled audience oriented approach we see him orchestrating a grand rapprochement of the extreme theologies of his day into a unified vision that integrates faith and reason The Great Teacher John Harris, 1836

Unpackin?-The Baggage of Life

Dan

Brannan, 2014 I went from being a healthy soon to retire airline pilot to a man with cancer who lost his job of more than twenty five years and his retirement savings Initially I fell into a prolonged and deep depression One warm spring afternoon while sitting on the porch I made the decision to end it all to take my own life reasoning that my life insurance policy had greater value for my wife and three children than did a man with cancer no job and no money It was then while immersed in these suicidal thoughts that I fell into some sort of sleep more like a trance than sleep during which time I had what I can only describe as a surreal experience It was strange but so very real like I was in another world another place or another time Since that afternoon on the porch I have engaged in a journey of reflection and have realized that the baggage we begin to accumulate in our earliest years ultimately affects every relationship that we have none more so than the one we have with ourselves We have only two choices we can buckle beneath our load or we can unpack it and become greater than we ever imagined ourselves to be
