Black Movements Soyica Diggs Colbert, 2017-04-28 Black Movements analyzes how artists and activists of recent decades reference earlier freedom

movements in order to imagine and produce a more expansive and inclusive democracy The post Jim Crow post apartheid postcolonial era has ushered in a purportedly color blind society and along with it an assault on race based forms of knowledge production and coalition formation Soyica Diggs Colbert argues that in the late twentieth century race went underground and by the twenty first century race no longer functioned as an explicit marker of second class citizenship The subterranean nature of race manifests itself in discussions of the Trayvon Martin shooting that focus on his hoodie an object of clothing that anyone can choose to wear rather than focusing on structural racism in discussions of the epidemic proportions of incarcerated black and brown people that highlight the individual s poor decision making rather than the

criminalization of blackness in evaluations of black independence struggles in the Caribbean and Africa that allege these movements have accomplished little more than creating a black ruling class that mirrors the politics of its former white counterpart Black Movements intervenes in these discussions by highlighting the ways in which artists draw from the past to create coherence about blackness in present and future worlds Through an exploration of the way that black movements create circuits connecting people across space and time Black Movements offers important interventions into performance literary diaspora and African American studies

RuPaul's Drag

Race and the Cultural Politics of Fame John Mercer, Charlie Sarson, Jamie Hakim, 2023-10-10 This book explores the connections between drag stardom and contemporary sexual and cultural politics in the RuPaul's Drag Race franchise. With Drag Race alumni achieving fame in fields such as music, fashion, theatre and beyond, this edited collection interrogates the relationships between gender, sexuality, performance, identity and celebrity culture that lie at the very heart of the show. RuPaul's Drag Race has recently completed its 15th season after having won 26 Emmys. The show is a popular culture phenomenon broadcasting drag into the homes of middle America, spawning spin-off shows and an ever-expanding international franchise. Its success has made global stars of its host, guest judges and contestants alike. This edited collection explores the connections between drag stardom and contemporary sexual and cultural politics that RuPaul's Drag Race stages and dramatizes. Alumni of Drag Race have gone on to become globally famous. Adore Delano and Sharon Needles have launched music careers. Violet Chachki is the first drag model to become the face of Bettie Page Lingerie, whilst Jinkx Monsoon has achieved success as a Broadway star. In 2017, RuPaul was named as one of Time Magazine's 100 Most Influential People. Above everything else, RuPaul's Drag Race is a show about celebrating the glamour, artifice and the labour of fame. Whilst Drag Race has already attracted scholarly attention, Brennan Gudelunas (eds) 2017, the relationships between gender, sexuality, performance, identity and celebrity culture that lie at the heart of its dynamic and appeal remain to be explored. RuPaul's Drag Race and the Cultural Politics of Fame will be a key resource for academics, researchers and advanced students of Media and Cultural Studies, Gender Studies, Performing Arts, Media and Film Studies, Communication Studies and Sociology. The chapters included in this book were originally published as a special issue of *Celebrity Studies*.

The Hunger for More: The Cultural Politics of Eating in Modern China Pasquale De Marco, 2025-07-11 Food is central to the human experience. It sustains us, it nourishes us, and it brings us together. But food is also more than just sustenance. It is a cultural phenomenon, a way of expressing ourselves, and a source of great pleasure. In China, food has a particularly rich and complex history. The country's vast geography and diverse population have given rise to a wide range of culinary traditions. Chinese cuisine is renowned for its use of fresh ingredients, its bold flavors, and its emphasis on balance and harmony. But food in China is not just about taste. It is also about culture, society, and politics. The way we eat, the foods we choose, and the meanings we attach to them all reflect our values, our beliefs, and our way of life. This book explores the cultural politics of eating in modern China. It examines the role of food in Chinese society, from the rituals of communal dining to the use of food as a tool of political propaganda. It also explores the impact of globalization on Chinese cuisine and the challenges of ensuring food security in a rapidly changing world. This book is essential reading for anyone who wants to understand the complex and fascinating relationship between food and culture in China. It is a valuable resource for scholars, students, and anyone with an interest in Chinese food, culture, or society. Food is not just something we eat. It is a way of life. Contemporary British Fiction and the Cultural Politics of Disenfranchisement A.

Beaumont, 2015-12-05 By examining the representation of urban space in contemporary British fiction this book argues that key to the political left's strategy was a model of action which folded politics into culture and elevated disenfranchisement to the status of a political principle **Black Expressive Art, Resistant Cultural Politics, and the (re)performance of Patriotism** Deborah Elizabeth Whaley, 2003 *The Cultural Politics of Obeah* Diana Paton, 2015-08-10 An innovative history of the politics and practice of the Caribbean spiritual healing techniques known as obeah and their place in everyday life in the region. Spanning two centuries the book results from extensive research on the development and implementation of anti obeah legislation. It includes analysis of hundreds of prosecutions for obeah and an account of the complex and multiple political meanings of obeah in Caribbean societies. Diana Paton moves beyond attempts to define and describe what obeah was instead showing the political imperatives that often drove interpretations and discussions of it. She shows that representations of obeah were entangled with key moments in Caribbean history from eighteenth century slave rebellions to the formation of new nations after independence. Obeah was at the same time a crucial symbol of the Caribbean's alleged lack of modernity a site of fear and anxiety and a thoroughly modern and transnational practice of healing itself Theatre's Heterotopias J. Tompkins, 2014-11-04 Theatre's Heterotopias analyses performance space using the concept of heterotopia a location that when apparent in performance refers to the actual world thus activating performance in its culture. Case studies cover site specific and multimedia performance and selected productions from the National Theatre of Scotland and the Globe Theatre.
