Kekes,2021-01-12 In this study John Kekes develops the view that good lives depend on maintaining a balance between one's moral tradition and individuality Our moral tradition provides the forms of good lives and the permissible ways of trying to achieve them But to do so the author argues we must grow in self knowledge and self control to make our characters suitable for realizing our aspirations In addressing general readers as well as scholars Kekes makes these philosophical views concrete by drawing on a rich variety of literary sources including among others the works of Sophocles Henry James Tolstoy and Edith Wharton The first half of the work concentrates on social morality establishing the conditions all good lives must meet The second discusses personal morality the sphere of individuality Its development enables us to discover what is important to us and how we can fit our personal aspirations into the forms of life our moral tradition provides Kekes's argument derives its inspiration from Aristotle's objectivism Hume's emphasis on custom and feeling and Mill's concentration on individuals and their experiments in living This book is a nontechnical yet closely reasoned attempt to provide a contemporary answer to the age old question of how to live well **The Art of Fire Emblem: Awakening**
