possible Think of two generations not five Older more experienced workers and their Younger less experienced counterparts Suddenly you can frame generational issues more sensibly and find simple solutions to problems that once seemed intractable Us vs Them addresses the root psychological causes of generational tension at work causes based in the hardwired human tendency to see others as one of us or as one of them This dynamic has existed forever and it always will Once you understand it you can learn to manage it and when another new generation comes along you ll be ready for them too Simpler more effective ways to Motivate employees of all ages Learn from colleagues who think differently from you Inspire more enthusiasm loyalty and productivity especially among new hires Prevent veteran employees from coasting toward retirement Frame change more successfully Promote innovation Plan succession and advancement Accelerate your own career progress
