Resources for Teaching Middle School Science Smithsonian Institution,National Academy of Engineering,National
Science Resources Center of the National Academy of Sciences,Institute of Medicine,1998-04-30 With age appropriate
inquiry centered curriculum materials and sound teaching practices middle school science can capture the interest and
energy of adolescent students and expand their understanding of the world around them Resources for Teaching Middle
School Science developed by the National Science Resources Center NSRC is a valuable tool for identifying and selecting
effective science curriculum materials that will engage students in grades 6 through 8 The volume describes more than 400
curriculum titles that are aligned with the National Science Education Standards This completely new guide follows on the
success of Resources for Teaching Elementary School Science the first in the NSRC series of annotated guides to hands on
inquiry centered curriculum materials and other resources for science teachers The curriculum materials in the new guide
are grouped in five chapters by scientific area Physical Science Life Science Environmental Science Earth and Space Science
and Multidisciplinary and Applied Science They are also grouped by type core materials supplementary units and science
activity books Each annotation of curriculum material includes a recommended grade level a description of the activities
involved and of what students can be expected to learn a list of accompanying materials a reading level and ordering
information The curriculum materials included in this book were selected by panels of teachers and scientists using
evaluation criteria developed for the guide The criteria reflect and incorporate goals and principles of the National Science
Education Standards The annotations designate the specific content standards on which these curriculum pieces focus In
addition to the curriculum chapters the guide contains six chapters of diverse resources that are directly relevant to middle

school science Among these is a chapter on educational software and multimedia programs chapters on books about science and teaching directories and guides to science trade books and periodicals for teachers and students Another section features institutional resources One chapter lists about 600 science centers museums and zoos where teachers can take middle school students for interactive science experiences Another chapter describes nearly 140 professional associations and U S government agencies that offer resources and assistance Authoritative extensive and thoroughly indexed and the only guide of its kind Resources for Teaching Middle School Science will be the most used book on the shelf for science teachers school administrators teacher trainers science curriculum specialists advocates of hands on science teaching and concerned parents *Subject Guide to Books in Print* ,1993 *The Chemical News and Journal of Physical Science* ,1913
