

Complete Search Engine Optimization Guide: How SEO Works | SFWPExperts

Background on Search engine optimization

Undoubtedly SEO is considered one of the most important topics when it comes to **driving organic traffic** on the website or **growing online presence**. But still, are there people who are not aware of how SEO functions? Few people also feel that SEO is hard (due to a lot of competition) and not worth spending time on it.

If you feel the same then read this guide carefully as you are going to discover a lot of new things about SEO (search engine optimization). First, let me clarify that SEO is not complicated but ranking for highly competitive keywords can be difficult. So don't get confused and stop your work thinking that SEO is difficult.

Today on google more than **3.5 billion searches** are conducted by users with the goal to either purchase something or learn something or to find the answer to their question. So no matter what field and industry your business is operating there are high chances that your potential customers might be looking for your product/services in search results.
