The Trial [Der Prozess] by Franz Kafka Franz Kafka, 1937

**Kafka's Narrative Theater** James Rolleston, 1990-10-01

Can one speak of Kafka's heroes as characters? If so, why is it so hard to define their characteristics? If not, how is the reader persuaded to accompany them on their existential journeys, accepting their behavior as falling within the realm of human logic? This study argues that Kafka's fiction has two conflicting premises: the subjective impossibility of human existence, foreclosing all hope of meaning in individual actions; and the ordered structure of human thoughts, which assign meaning to the smallest event and analyze endlessly the behavior of other people. Kafka's characters are always either potentially or actually moving in both directions at once: earnestly building up a continuous logic to their actions while skeptically dismantling their own pretensions to existence. The device of the circumscribed narrator, congruent with the hero knowing only what the hero knows yet not identical with him, enables Kafka to contain both fundamental tendencies in a single sentence. Although Kafka is widely read, his works seem to give rise very easily to misconceptions; this study is designed primarily to facilitate an intelligent reading of Kafka. Without imposing answers of its own, it seeks to foster an awareness of the problems of perspective and presentation which Kafka engages.

**A Franz Kafka Encyclopedia** Richard T. Gray, Ruth V. Gross, Rolf J. Goebel, Clayton Koelb, 2005-08-30 Known for depicting alienation, frustration, and the victimization of the individual by impenetrable bureaucracies, Kafka's works have given rise to the term *Kafkaesque*. This encyclopedia details Kafka's life and writings. Included are more than 800 alphabetically arranged entries on his works, characters, family members, and acquaintances, themes, and other topics. Most of the entries cite works for further reading, and the Encyclopedia closes with a selected general bibliography.

**The Myth of Power and the Self** Walter Herbert Sokel, 2002 The *Myth of Power and the Self* brings together Walter Sokel's most significant essays on Kafka, written over a period of thirty-one years (1966-1997). Franz Kafka (1883-1924) has come to be one of the most influential writers of the twentieth century. The *Myth of Power and the Self* brings together Walter Sokel's most significant essays on Kafka, written over a period of thirty-one years (1966-1997). This volume begins with a discussion of Sokel's 1966 pamphlet on Kafka and a summary of his 1964 book *Tragik und Ironie* (Tragedy and Irony), which has never been translated into English, and includes several essays published in English for the first time. Sokel places Kafka's writings in a very large cultural context by fusing Freudian and Expressionist perspectives and incorporating more theoretical approaches, linguistic theory, Gnosticism, and aspects of Derrida into his synthesis. This superb collection of essays by one of the most qualified Kafka scholars today will bring new understanding to Kafka's work and will be of interest to literary critics, intellectual historians, and students and scholars of German literature and Kafka.

**Dialogue Analysis VIII: Understanding and Misunderstanding in Dialogue** Karin Aijmer, 2011-04-20 The present collection of articles, presented at the 8th IADA Conference in Göteborg, focuses on understanding and misunderstanding as dialogic phenomena. The notion of a dialogic grammar and dialogic principles as a framework for understanding human

communication and cognition is explored in several contributions Misunderstanding in dialogue is dealt with in institutional and non institutional settings in fiction and film dialogue from several different theoretical perspectives *From Fidelity to History* Anne-Marie Scholz,2013-04-01 Scholarly approaches to the relationship between literature and film ranging from the traditional focus upon fidelity to more recent issues of intertextuality all contain a significant blind spot a lack of theoretical and methodological attention to adaptation as an historical and transnational phenomenon This book argues for a historically informed approach to American popular culture that reconfigures the classically defined adaptation phenomenon as a form of transnational reception Focusing on several case studies including the films *Sense and Sensibility* 1995 and *The Portrait of a Lady* 1997 and the classics *The Third Man* 1949 and *The Bridge on the River Kwai* 1957 the author demonstrates the ways adapted literary works function as social and cultural events in history and how these become important sites of cultural negotiation and struggle

*The Trial* Franz Kafka,2020-06-12 *The Trial* original German title *Der Prozess* later *Der Proce* *Der Proze* and *Der Prozess* is a novel written by Franz Kafka between 1914 and 1915 and published posthumously in 1925 One of his best known works it tells the story of Josef K a man arrested and prosecuted by a remote inaccessible authority with the nature of his crime revealed neither to him nor to the reader Heavily influenced by Dostoyevsky's *Crime and Punishment* and *The Brothers Karamazov* Kafka even went so far as to call Dostoyevsky a blood relative 2 Like Kafka's other novels *The Trial* was never completed although it does include a chapter which appears to bring the story to an intentionally abrupt ending After Kafka's death in 1924 his friend and literary executor Max Brod edited the text for publication by Verlag Die Schmiede The original manuscript is held at the Museum of Modern Literature Marbach am Neckar Germany The first English language translation by Willa and Edwin Muir was published in 1937 3 In 1999 the book was listed in *Le Monde*'s 100 Books of the Century and as No 2 of the Best German Novels of the Twentieth Century *The Rhetoric of Topics and Forms* Gianna Zocco,2021-01-18 The fourth volume of the collected papers of the ICLA congress *The Many Languages of Comparative Literature* includes articles that study thematic and formal elements of literary texts Although the question of prioritizing either the level of content or that of form has often provoked controversies most contributions here treat them as internally connected While theoretical considerations inform many of the readings the main interest of most articles can be described as rhetorical in the widest sense given that the ancient discipline of rhetoric did not only include the study of rhetorical figures and tropes such as metaphor irony or satire but also that of *topoi* which were originally viewed as the places where certain arguments could be found but later came to represent the arguments or intellectual themes themselves Another feature shared by most of the articles is the tendency of undeclared thematology which not only reflects the persistence of the charge of positivism but also shows that most scholars prefer to locate themselves within more specific often interdisciplinary fields of literary study In this sense this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology but provides contributions to currently flourishing research areas among

**Trip to Russia** Stefan Zweig, 2022-08-19 What journey within our immediate world today would be remotely as interesting enchanting instructive and exciting as that to Russia While our Europe and especially the capitals are subject to the inexorably contemporary process of mutual assimilation and resemblance Russia remains utterly unparalleled Stephen Branch 1928 After Stefan Zweig s bourgeois world collapsed with the First World War he went in search of alternative forms of society which culminated in a journey through the still young Soviet Union His perceptions and impressions on the trip remained ambivalent and moved between the generally prevailing glorification on the part of the Western European intelligentsia and the harsh reality of life among the soviet population Stefan Zweig s non political trip to the USSR is probably one of the most extraordinary travelogues of the 1920s and appears today almost 100 years later as a kaleidoscope into a past that is once again up to date      *"WITH HAT AND HEELS" - To be on the Right Side of History* Jean-George
