The Oxford Critical Guide to Tacitus Salvador Bartera, Kelly E. Shannon-Henderson, 2025-06-05 The Oxford Critical Guide to Tacitus presents eighteen chapters surveying individual works and books by Tacitus The chapters treat a range of interpretive issues including Tacitus language and style historical issues literary devices and narrative patterns Differing from other introductions to Tacitus that adopt a thematic approach to his oeuvre as a whole this volume approaches each as a unit from start to finish addressing important interpretive issues relevant to specific texts giving readers a deeper appreciation of their nuances and features Presupposing no prior knowledge of the works or knowledge of Latin these features make the volume an essential resource for those studying Tacitus in translation and the original language for those in classical studies and in other disciplines and for teachers and students both those at the undergraduate level and those at the graduate level

[Citizen Machiavelli](#) Mark

Hulliung,2014-09-30 Machiavelli has been viewed as the forerunner of the humanists of our day liberals and socialists who have discovered that moral ends sometimes require immoral means Against this interpretation Mark Hulliung argues that Machiavelli s humanism was rooted in classical notions of grandeur and greatness and that his prime reason for admiring the ancient Roman republic was that it conquered the world In short Machiavelli was at his most Machiavellian precisely when he voiced his civic humanism Hulliung argues that Machiavelli s embrace of fraud and violence cannot be justified by patriotism or a professed concern with the common good He indicts Machiavelli s use and abuse of history in the service of his cynical agenda the quest for power Hulliung sees Machiavelli as a republican imperialist embracing the heroic pagan virtues and consciously subverting the humanistic tradition of Cicero and the religious morality of Christianity with an intentionally skewed interpretation of republican Rome By inverting the Stoical and Christian elements of the classics Machiavelli made the humanistic tradition give birth to Machiavellism its terrible child Hulliung s thesis is convincing and his book is a valuable contribution to the debate on Machiavellian thought **Western Civilization from 1500** Ahmed Ibrahim,Walter Kirchner,2007-07-24 The Collins College Outline for Western Civilization from 1500 covers all major political social and cultural events from the beginning of the Modern Age in 1492 through the Reformation the Age of Enlightenment Napoleon the Depression the World Wars and the Cold War continuing up through history s most recent crises and developments in the early twenty first century Completely revised and updated by Dr Ahmed Ibrahim Western Civilization from 1500 includes practical test yourself sections with answers and complete explanations at the end of each chapter Also included are bibliographies for further reading as well as maps timelines and illustrations The Collins College Outlines are a completely revised in depth series of study guides for all areas of study including the Humanities Social Sciences Mathematics Science Language History and Business Featuring the most up to date information each book is written by a seasoned professor in the field and focuses on a simplified and general overview of the subject for college students and where appropriate Advanced Placement students Each Collins College Outline is fully integrated with the major curriculum for its subject and is a perfect supplement for any standard textbook **Machiavelli and Republicanism** Gisela Bock,Quentin Skinner,Maurizio Viroli,1990 Some of the world s foremost historians of ideas consider Machiavelli s political thought in the larger context of the republican tradition **The High School Teacher** ,1927 **World Studies: Eastern Hemisphere** Heidi Hayes Jacobs,Michal L.
