Proton's toehold in the market may be slender, but its Gen 2 range might just be the lever to boost the Malaysian marque's image. The new car's attractive styling dispenses with the 'hand me down' look of previous models, and is certainly an attention getter. Proton's ownership of Lotus wasn't wasted either. The iconic sports car maker provided some engineering input, lending an added dash of 'street cred'.

## VALUE FOR MONEY

### PRICING

There are three variants of the Gen 2, starting with the L-Line - \$17,990, our test car the M-Line - \$19,500 and the range topping H-Line at \$20,990. Automatic versions cost an extra \$2,000.

### STANDARD FEATURES

M-Line equipment includes air-conditioning, power steering, 15" alloy wheels, remote central locking, power windows, CD player and trip computer. Options include 17" alloy wheels (\$1,795), bodykit (\$2,500), metallic paint (\$350), rear spoiler (\$695) and sports suspension (\$1,184).

## DESIGN & FUNCTION

### SPACE & PRACTICALITY

There's a generous room for the driver and front seat passenger, but anyone in the rear needs to contend with limited headroom thanks to the sloping, low roofline. Trying to find a secure home for knick knacks poses a problem as the Gen 2 doesn't have a glovebox. Narrow trays on the dash and door pockets will have to do. Fortunately the luggage area is usefully large, and the 60:40 rear seat folds completely flat to accommodate any overflow.

### COMFORT

Getting comfortable in the small front buckets can be an issue. Rather than sinking into the cushion, the firm padding tends to push you out of the seat. Lateral support was also minimal and on longer trips you feel like you're teetering on the seat, not supported by it. The rear seat is well shaped but the short cushion limits comfort, fortunately there is plenty of footspace available.

### ERGONOMICS

Initially the dash layout looks very European, with the instruments housed in two deep binnacles, but that's where any similarity ends. First there are the poorly located ventilation controls sitting vertically under the

central dash. Next is the audio system. Operated by a series of small buttons surrounding a circular display it may have looked striking on paper, but is confusing in practice. Fortunately the wheel mounted switches are more user friendly.

A tall glasshouse and low set dashboard add to the car's roomy feel and while forward vision is excellent, the high tail can make reversing a guessing game.

### SAFETY

Standard safety features include dual front airbags and ABS brakes. Currently the car has not been assessed by the ANCAP or Euro-NCAP crash test facilities.

### BUILD QUALITY & FINISH

Our car's metallic bronze paintwork and beige interior certainly turned a few heads during testing. While the colour was dazzling, the paint had obvious orange peel and differing textures between metal and plastic panels. Inside the numerous plastic pieces also differed in colour and surface finish.

### SECURITY

At this stage the Gen 2's theft rating has not been assessed by NRMA Insurance.

## ON THE ROAD

### FUEL

Based on Government Green Guide figures the Proton's average fuel economy of 7.2l/100km puts it around the middle of the pack, but its PULP fuel requirement may dissuade price sensitive buyers.

### PERFORMANCE

With 82kW on tap the Gen 2 offers acceptable performance, but the car's tallish gearing works against it. Under 4000rpm it feels a bit breathless and you need to work the engine to get the most from it.

### RIDE

No doubt Proton have let Lotus look at the Gen 2's underpinnings. Across our test routes 'give and take' surfaces, is provided a very composed ride, and as the speed picked up the more it smoothed out. Slower city speeds meant things became a bit bumpier, but not uncomfortable.

### HANDLING & STEERING

Another area of Lotus influence is the car's agile handling. The steering isn't a great communicator, but its light weight and directness complement the chassis' nimble character.

### BRAKING

Equipped with four wheel discs, the Gen 2's stopping power is par for the course in this
