-
- That recording can continue on a self using any type of computer

-

- 

-
- Figure 1**
- The diagram illustrates a person sitting at a desk with a computer monitor. The monitor displays a graph with a vertical axis labeled 'Y' and a horizontal axis labeled 'X'. A callout box points to the graph area.

-
- A diagram of a simple electrical circuit. It consists of a battery (represented by two cells), a switch, and a light bulb connected in a single loop. The switch is currently open, and the light bulb is not glowing.

-

-
- The diagram shows a car battery with various components labeled. On the left, a cable is connected to the negative terminal, labeled 'Grounding cable connected to engine block'. On the right, a cable is connected to the positive terminal, labeled 'Positive cable connected to alternator'. The battery itself is labeled 'Battery'. The top of the battery is labeled 'Battery cover'. The bottom of the battery is labeled 'Battery base'. The top of the battery is also labeled 'Battery terminals'. The bottom of the battery is also labeled 'Battery terminals'. The top of the battery is also labeled 'Battery terminals'. The bottom of the battery is also labeled 'Battery terminals'.

-

- Q** I want to change the way the battery is connected to the fuel filter. In the standard setup it is a negative ground. I would like to change it to a positive ground. Can I do this?
- A** Yes, you can. The only thing you need to do is change the wiring. The battery is connected to the fuel filter through a fuse. The fuse is connected to the positive terminal of the battery. The negative terminal of the battery is connected to the negative terminal of the fuel filter. To change the wiring, you need to disconnect the negative terminal of the battery from the negative terminal of the fuel filter. Then, you need to connect the negative terminal of the battery to the positive terminal of the fuel filter. The positive terminal of the battery is still connected to the positive terminal of the fuel filter. This will change the wiring from a negative ground to a positive ground.
