2004 Jack Gillis, 2003 *Plug-in Electric Car Buyers Buying Guide*, *The Car Book 2008* Jack Gillis, Amy Curran, David Iberkleid, Julia Redmon, 2008 Branded Faith Rajkumar Dixit, 2010-06-07 Christianity may be the greatest story ever told

but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church

hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the business sector are blurred as both entities influence each other interchangeably In *Branded Faith* Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the

church can learn from the business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in *Branded Faith* a thoughtful presentation of ideas on how to

maintain the integrity of the gospel while exploring fresh methods of communicating the good news to a postmodern society
