The Routledge Companion to Women and Musical Leadership Laura Hamer, Helen Julia Minors, 2024-08-13

The Routledge Companion to Women and Musical Leadership: The Nineteenth Century and Beyond provides a comprehensive exploration of women's participation in musical leadership from the nineteenth century to the present. Global in scope, with contributors from over thirty countries, this book reveals the wide range of ways in which women have taken leadership roles across musical genres and contexts, uncovers new histories, and considers the challenges that women continue to face. The volume addresses timely issues in the era of movements such as MeToo, digital feminisms, and the resurgent global feminist movements. Its multidisciplinary chapters represent a wide range of methodologies, with historical musicology, models drawn from ethnomusicology, analysis, philosophy, cultural studies, and practice research all informing the book. Including almost fifty chapters written by both researchers and practitioners in the field, it covers themes including Historical Perspectives, Conductors and Impresarios, Women's Practices in Music Education, Performance, and the Music Industries, Faith and Spirituality, Worship and Sacred Musical Practices, Advocacy, Collectives, and Grass Roots Activism. The Routledge Companion to Women and Musical Leadership: The Nineteenth Century and Beyond draws together both new perspectives from early career researchers and contributions from established world-leading scholars. It promotes academic/practitioner dialogue by bringing contributions from both fields together, represents alternative models of women in musical leadership, celebrates the work done by women leaders, and shows how women challenge accepted notions of gendered roles. Offering a comprehensive overview of the varied forms of women's musical leadership, this volume is a vital resource for all scholars of women in music, as well as professionals in the music industries and music education today.

The Art of Uncertainty David Spiegelhalter, 2025-03-04

Named a Best Book of the Year by Forbes and The Economist. From our greatest living statistical communicator, Tim Harford, comes an invaluable data-driven guide for understanding and learning to embrace risk and uncertainty in our daily lives. How dangerous is our diet? How much of sports falls into the realm of luck? When authorities categorize a given event as highly likely, how likely is that really? Whether we're trying to decide if the benefits of a new medication are worth the chance of side effects or if artificial intelligence truly threatens humanity, our lives are riddled with uncertainties, both everyday and existential, yet it can be difficult to know how to properly weigh all those unknowns. Luckily for us, renowned statistician David Spiegelhalter has spent his career dissecting data to resolve the apparently random and decode the many decisions we face with imperfect information. In *The Art of Uncertainty*, he shows how we can become better at dealing with what we don't know to make smarter choices in a world so full of puzzling

variables In lucid lively prose Spiegelhalter guides us through the principles of probability illustrating how they can help us think more analytically about everything from medical advice to sports to climate change forecasts He demonstrates how taking a mathematical approach to phenomena we might otherwise attribute to fate or luck can help us sort hidden patterns from mere coincidences better evaluate cause and effect and predict what s likely to happen in the future Along the way we learn how a misinterpretation of a probability contributed to the infamous Bay of Pigs fiasco why a ship twice the size of the Titanic sank without a trace and why we can be so confident that no two properly shuffled decks of cards have ever been in the same order Sparkling with wit and fascinating real world examples this is an essential guide to navigating uncertainty while also retaining the humility to admit what we don t or simply cannot know **My Revision Notes Edexcel AS**
