Mechanisms Underpinning the Link between Emotion, Physical Health and Longevity Andrew H. Kemp,2017-09-13 The
1990 s was designated as the decade of the brain and now common mental disorders are described as brain disorders Yet
intense research interest on the brain has largely side lined the body as a passive observer disconnecting mental from
physical health and contributing to further societal stigma on the nature of psychiatric illness and mental distress The
biopsychosocial pathway to premature mortality or longevity is a complex one involving a host of closely intertwined
mechanisms and moderating factors some of which are investigated in this special issue All the articles published here
provide new insights into the pathways linking emotion physical health and longevity highlighting the tight linkage between
mind brain and body **Chinese Research Perspectives on Educational Development, Volume 4** Dongping
