Leadership in Education Pamela Adams, Carmen Mombourquette, David Townsend, 2019-12-20. Leadership in Education is an evocative forward-looking text that is grounded in years of research gathered in hundreds of schools and across districts. The text calls teachers, supervisors, and school administrators to action in the classroom, demonstrating effective leadership skills that affirm mutual respect, build trust, stimulate reflection, strengthen partnerships, and use inquiry to direct action. Building multi-faceted and nuanced links between educational leadership, school improvement, teaching effectiveness, and student learning, this succinct and compelling guide offers highly effective strategies for provoking meaningful growth in the classroom. The authors guide the reader through the process of using generative dialogue in leadership roles from provocation to reflection, a shift in thinking, and implementation of highly effective leadership practices. The volume reinforces the ethical responsibility of educators to focus on practices that provide optimal learning environments for all students. Both an academic resource and an interactive manual, Leadership in Education features literature reviews, suggested readings, a glossary, thought provocations, and case studies with reflection questions to encourage deeper learning. Grounded in lived experiences and brimming with real stories of educators, this critical guidebook is ideal for graduate students in education and leadership programs.

Professional Learning in Action Victoria J. Risko, MaryEllen Vogt, 2016-07-01. Risko and Vogt provide a unique and progressive approach for engaging the professional learning of teachers of literacy, reading specialists, literacy coaches, and instructional leaders, content specialists, and administrators. Their deliberate use of Professional Learning signals the importance of educators engaging in authentic and inquiry-based decision-making. They describe and provide examples of needs assessments and progress monitoring activities that are embedded within differentiated professional learning activities such as book clubs, lesson study, family literacy groups, and peer and literacy coaching. Actions and decisions are directed by questions generated by teachers, coaches, and administrators as they engage in collaborative and self-directed efforts to advance their knowledge and resolve dilemmas that impact instruction and students' learning. Book Features: Provides authentic examples for implementing professional learning (PL) that addresses and resolves authentic dilemmas educators and students face; Synthesizes current research on effective professional learning with a literacy emphasis; Describes evidence-based and differentiated professional learning opportunities that engage instructional changes that are situated within meaningful and
