

Autobiography

My name is Michael Smith and I was born on the 30th of August, 1967 in Long Beach, California. My parents were Eddie Smith and Joan Smith. Both of my parents are deceased. My mom died at the age of 57 in 1994 from lung cancer which was the result of smoking her whole lifetime. My father died at the age of 69 in 2006 from a massive heart attack, which was also the likely result from a lifetime of smoking. Fortunately I have been smart enough to avoid that bad habit.

My early childhood was a typical middle class environment circa the 1960's. My dad worked for Simpson Buick as a parts salesman and my mom was a stay at home mother. I had a happy, normal childhood as an only child, leaving me somewhat spoiled. My mom and dad divorced when I was eight years old and both remarried within a year or so of the divorce. My dad remained married to my stepmom Bev until his death. My mom would marry two more times. My first stepdad Vince became a big part of my life and I maintained close contact with him until his death in 2006, two days after my real dad died. Yes, that was a very bad week, losing both of my dads.

Growing up with split parents was not especially difficult since each of my parents kept me out of their divorce and they got along fine at events where both of them were present. I lived with my mom until I was 16 and in high school. By my sophomore year in high school I had begun to hang around with friends that got me into a lot of trouble with a number of things including smoking pot and drinking. I was rapidly heading down a negative path, but was fortunate enough to notice it before I had done any serious damage. I moved in with my dad and changed high schools and friends.

Student Practice Test Booklet in Reading and Writing Leslie Knight,2015-10-13 This test booklet has some unique qualities It allows the students to get an idea of the kinds of passages and the level of vocabulary used in questioning But the uniqueness does not end there The booklet also provides teachers and parents with the instruments that will improve the ability of the children to complete the state tests Know that teachers and parents can begin by allowing their fourth grade children to work on passages intended for third graders and move forward and vice versa Other grades can do the same Everyone has the opportunity to look at the passages and questions presented to the other grades Note carefully the approaches to the questions because there is a specific vocabulary used in the questions There is a wealth of writing exercises that require the students to think deeply Building stamina is very important Length of passages and level of difficulty are considered Each grade is presented with one mini test and three full length tests The parents and the teachers can actually simulate the real test and give themselves time to identify the childrens weaknesses and strengths Therefore they can work on these weaknesses and reinforce concepts at the same time At the end of every test there are additional questions designed to challenge the children and encourage the teachers and the parents to create their own questions from the passages There is a teachers edition that identifies the answers to all questions and the types of questions For example there may be questions that require the students to know main idea authors purpose compare and contrast and so on These are indicated in the teachers edition There are writing exercises for the students to do Useful hints relating to the kinds of responses are also presented in the teachers edition A suggested rubric is also included This book is inclusive of all including Special Needs Students who must write the same tests as other students and whose grades and progress impact the general performance of the school

The Power of Middle School Keen J. Babbage,2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering self identity and increasing social interaction with other people This maze can be an adventure of achievement and opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for many later achievements in academics careers and personal life it is imperative that educators maximize these formative years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the comprehensive roles and duties of school administrators counselors and teachers The Power of Middle School addresses how to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of all students
