Goodman, Darnell Cole, 2017-09-28 Is the data available on your college campus fully utilized Analyzing data does not have to be a complex process but there can be obstacles to putting data to good use overworked staff or understaffed departments silos that prevent crossing institutional boundaries lack of research training or simply being overwhelmed by the possibilities Addressing these obstacles this volume presents pragmatic ideas for implementing data informed decision making to improve student affairs practice It first illustrates how to easily analyze quantitative data and read assessment reports demonstrating

that advanced research knowledge is not necessary to make meaning of survey findings. It then provides suggestions for utilizing findings from large data sets typically available on campus and gives practical guidance for making sense of and using quantitative data to inform practice. Also included is how to use data to understand the experiences of non-dominant populations on campus, which is especially relevant given the diversity of today's college students. Several chapters speak directly to using data to understand marginalized groups based on race, religion, and sexual orientation, while others focus on using data to understand campus diversity experiences. This is the 159th volume of the Jossey-Bass higher education quarterly series. An indispensable resource for vice presidents of student affairs, deans of students, student counselors, and other student services professionals. **New Directions for Student Services** offers guidelines and programs for aiding students in their total development: emotional, social, physical, and intellectual.

Social Emotional Learning for Multilingual Learners Diane Staehr Fenner, Mindi Teich, 2024-04-12 Foster multilingual learners' academic success, wellbeing, agency, and belonging. Though multilingual learners (MLs) comprise nearly 25% of the school-age population, the most widely used social emotional learning (SEL) frameworks and programs lack an intentional focus on these students' unique strengths and challenges. To foster MLs' academic success and wellbeing, educators must consider students' cultures, languages, assets, expectations, norms, and life experiences when integrating SEL practices. In this groundbreaking book, Dr. Diane Staehr Fenner and Mindi Teich break down how each of the five competencies in the Collaborative for Academic, Social, and Emotional Learning (CASEL) SEL framework can be implemented with ML success in mind. Staehr Fenner and Teich's practical and engaging guide provides SEL considerations that are unique to MLs, relevant research, easy-to-implement educator actions, and tools to seamlessly integrate SEL practices into content and language instruction. Additional features include: Tools and practical strategies educators can apply immediately; Programmatic and systemic considerations that impact SEL for MLs; Examples of successful SEL strategies for MLs currently being used in classrooms; Ample opportunities for reflection and application in each chapter; Templates to prioritize and integrate SEL for MLs into teaching practices. MLs thrive when they are validated and supported to achieve their goals, empathize with others, build relationships, and make responsible decisions. The essential actions presented in this guide will enable you, regardless of your role or prior experience with SEL, to empower MLs to achieve academic and lifelong success.

Unlocking Multilingual Learners' Potential Diane Staehr Fenner, Sydney Snyder, Meghan Gregoire-Smith, 2024-01-10 Bring classroom content to life for multilingual learners.
