Your College/ Organization's Letterhead

Date:

Your Address

To Whomsoever Concerned,

We are proud to announce that our annual college fest, **{fest name}**, will be held on **{date}**. Our theme for this year is fitness and good health. We are seeking to raise 150,000 in funds for our event.

Without an organization like this, it would be not possible to meet our goal. Hence, I am requesting you to consider making a donation to help make this event a reality. However, our theme and your company's goals go hand in hand. Annually, we average around 5,000 visitors for our fest, and this could be a good opportunity to gain brand awareness.

Moreover, we would like to offer you that your brand image and logo will be displayed across 122 prime locations over our campus. We do hope that you will consider our request.

Feel free to contact us for any clarifications about the same on our email address or mobile number.

Sincerely,
{Your Name}

Subcommittee on Criminal Justice, Drug Policy, and Human Resources,2007 **Overseas Students and Net Migration** Great Britain: Parliament: House of Commons: Business, Innovation and Skills Committee,2012-09-06 This report calls on the Government to record overseas students under a classification that does not count against the overall limit on net migration in order to allow the UK to continue to expand its share of the overseas student market The Committee notes the Government s desire to reduce net migration However there is a clear conflict between this policy and the desire to attract more overseas students to the UK Moreover the way in which the policy has been implemented and measured is clearly having a detrimental impact At a time

of such economic difficulty it is vital that the Department for Business Innovation and Skills demonstrates it has an active strategy to support the expansion of this important and lucrative market The Committee argues that for domestic policy purposes overseas students should be recorded under a separate classification and not be counted against the overall limit on net migration along similar lines to the United States The Committee supports the Government's policy to remove bogus students and colleges from our Higher Education system However the way in which this policy is communicated must be handled carefully to ensure it does not give the impression that the UK no longer welcomes genuine students **Resources**
