

USER STORY TEMPLATE

Author: Craig Brown,
www.BetterProjects.net

This template is provided in three parts.

- Part 1 is an introduction to the User Story Template and some guidelines.
- Part 2 is a Story Card layout for you to save/print and use on your project.
- Part 3 is a list of useful references and links that you should read to help maximise your value from this technique.

PART 1: ABOUT USER STORIES

User Stories are supporting artefacts for requirements. User stories are not expected to be a full and complete set of requirements. They are an anchor for a conversation. As a person who is creating and delivering requirements to a development team you may have further details written down, models created and rules listed. These are also useful and should be, like User Stories, used as supporting tools in a conversation with your developers.

Three key aspects of a user story are

- The "user" of the solution
- The outcome you envisage from an interaction with the system, and
- The value this interaction/outcome is trying to yield.

User stories come in different sizes and shapes and are expected to be prioritised in order, based on value. (Value includes mitigating risk, so hard, but low reward stories may be addressed early.) Typically User Stories are categorised into three types;

- Epic
- Theme (sometimes called Feature)
- Story

Each of these labels represents a different class of granularity. Epics are huge and suited to things off in the distance. Themes are things generally being worked on now or in the near future. Stories are what you take to the sprint. Smaller classes of requirement fit into the larger ones. Think of Russian dolls. You can read more on these three classes of story elsewhere.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
