

Graduation Valedictorian Speech Format

Today is a turning point in each of our lives. We have spent the past years wandering the halls of this great school and now we are ready to go on.

We have learned, laughed, loved, gotten into trouble, and most of all matured together. But today doesn't just concern reminiscing about the past; it's also about looking forward into our future.

Life is a series of passageways, and we are leaving one and moving on to the next. When we reach that daunting place next year that has been our destination for three years now, we will start over.

We will meet new people, make new friends, and learn new things. We will grow older, more responsible, and independent. Then, the cycle begins again in college, and after that, we are left to traverse the unmapped expanse that is our future.

Hereafter our lives will hold many surprises for us, but I'm sure that we will approach challenges with the same boldness and equanimity with which we tackle problems currently. The unknown of our future may seem frightening now, looming over us like a dark thundercloud, but we might find that it is just a light, spring rain that brings the tidings of a rainbow.

As I look over the many faces I behold today, perceptions of individuals are washed away. I no longer see people as they were; I see them as they will be. So, rather than a young boy, failing all his classes, I see the next Einstein, making revolutionary discoveries. I know that this amphitheatre holds the next decade's great business leaders, doctors, politicians, scientists, and stars, and that all of these graduates will contribute to the fabric of the future in some way.

So when looking at the bright horizon that is my future, I am happy. For although my life will contain sadness and heartbreak, it will also hold joy, love, and success. And I know my classmates' will too. So don't look back, and regret, my friends, look forward, and smile.

down with further development in later decades of life. Diverse topics include imaginative play, construction, crew humor, animal intelligence, contemplative prayer, and journal writing. Rural and urban farming, communal wisdom, and affordable housing, along with a few serious pranks and the prophetic mischief that follows. This memoir is also a confession in the pattern of Augustine reflecting on God's in-breaking initiatives and the writer's emerging sense of calling in lifelong conversation with Jesus. Its stories offer a series of curiosity-driven ramps into eight decades of transformative experiences for curious souls to ponder an open-eyed faith and a communal way of life for the long haul.

Bird Uncaged Marlon Peterson, 2021-04-13 From a leading prison abolitionist, a moving memoir about coming of age in Brooklyn and surviving incarceration and a call to break free from all the cages that confine us. Marlon Peterson grew up in 1980s Crown Heights, raised by Trinidadian immigrants. Amid the routine violence that shaped his neighborhood, Marlon became a high-achieving and devout child; the specter of the American dream opening up before him. But in the aftermath of immense trauma, he participated in a robbery that resulted in two murders. At nineteen, Peterson was charged and later convicted. He served ten long years in prison. While incarcerated, Peterson immersed himself in anti-violence activism, education, and prison abolition work. In *Bird Uncaged*, Peterson challenges the typical redemption narrative and our assumptions about justice. With vulnerability and insight, he uncovers the many cages from the daily violence and trauma of poverty to policing to enforced masculinity and the brutality of incarceration created and maintained by American society. *Bird Uncaged* is a twenty-first-century abolitionist memoir and a powerful debut that demands a shift from punishment to healing, an end to prisons, and a new vision of justice.

God, Schools, and Government Funding Laurence H. Winer, Nina J. Crimm, 2016-04-15 In recent years, a conservative majority of the U.S. Supreme Court, over vigorous dissents, has developed circumventions to the Establishment Clause of the First Amendment that allow state legislatures unabashedly to use public tax dollars increasingly to aid private elementary and secondary education. This expansive and innovative legislation provides considerable governmental funds to support parochial schools and other

religiously affiliated education providers That political response to the perceived declining quality of traditional public schools and the vigorous school choice movement for alternative educational opportunities provokes passionate constitutional controversy Yet the Court s recent decision in *Arizona Christian School Tuition Organization v Winn* inappropriately denies taxpayers recourse to challenge these proliferating tax funding schemes in federal courts Professors Winer and Crimm clearly elucidate the complex and controversial policy legal and constitutional issues involved in using tax expenditures mechanisms such as exclusions deductions and credits that economically function as government subsidies to finance private religious schooling The authors argue that legislatures must take great care in structuring such programs and set forth various proposals to ameliorate the highly troubling dissent and divisiveness generated by state aid for religious education

California School Law Frank Kemerer, Peter Sansom, 2013-10-02 Now in its third edition *California School Law* is the only comprehensive source discussing how federal and state law affects the day to day operation of the state s traditional public charter and private schools While the book is comprehensive the authors have written it for a broad audience *California School Law* has become a coveted desk top reference for administrators governing board members school attorneys union leaders and policymakers It also has been widely adopted as a classroom textbook in educational administration and education law classes The first chapter provides an explanation of the legal framework within which California schooling takes place and key players at the state district and school level Ensuing chapters examine student attendance and truancy curriculum law employment law teacher and student rights of expression the school and religion students with disabilities student discipline privacy and search and seizure and legal liability in both state and federal court Also included are chapters on unions and collective bargaining educational finance issues and racial and gender discrimination Appendices provide a glossary of legal terminology an explanation of how to find and read legislative enactments and judicial decisions and a list of sources for accessing law The book s table of contents is included on this website Law never stands still To keep current with changing legal precedent the authors maintain a cumulative update for the third edition at www.californiaschoollaw.org
