multicultural texts that will inspire young readers Throughout the book teachers will find suggestions for using literature to implement shared reading reading aloud and response strategies with emergent developing and independent readers This comprehensive book is rooted in the belief that educators must consider and offer a wide range of choice to ensure that students read good books It argues that the choices children make about what they read should be governed by their interests and desire to learn not by a grade or reading level *Extra Credit* Andrew Clements, 2012-03-13 It isn't that Abby Carson can't do her schoolwork She just doesn't like doing it And in February a warning letter arrives at her home Abby will have to repeat sixth grade unless she meets some specific conditions including taking on an extra credit project to find a pen pal in a distant country Seems simple enough But when Abby's first letter arrives at a small school in Afghanistan the village elders agree that any letters going back to America must be written well In English And the only qualified student is a boy Sadeed Bayat Except in this village it is not proper for a boy to correspond with a girl So Sadeed's younger sister will write the letters Except she knows hardly any English So Sadeed must write the letters For his sister to sign But what about the villagers who believe that girls should not be anywhere near a school And what about those who believe that any contact with Americans is unhealthy Not so simple But as letters flow back and forth between the prairies of Illinois and the mountains of central Asia across cultural and religious divides through the minefields of different lifestyles and traditions a small group of children begin to speak and listen to one another And in just a few short weeks they make important discoveries about their communities about their world and most of all about themselves *Frindle* Andrew Clements, 1999-08-01 Is Nick Allen a troublemaker He really just likes to liven things up at school and he's always had plenty of great ideas When Nick learns some interesting information about how words are created suddenly he's got the inspiration for his best plan ever the frindle Who says a pen has to be called a pen Why not call it a frindle Things begin innocently enough as Nick gets his friends to use the new word Then other people in town start saying frindle Soon the school is in an uproar and Nick has become a local hero His teacher wants Nick to put an end to all this nonsense but the funny thing is frindle doesn't belong to Nick anymore The new word is spreading across the country and there's nothing Nick can do to stop it
