No Cloak No Dagger Allied Spycraft In Occupied France:

No Cloak, No Dagger Benjamin Cowburn, 2009-08-19 This classic WWII spy memoir by an agent of the UK's Special Operations Executive offers a firsthand look at Allied espionage inside Nazi Occupied France. In this gripping memoir, SOE agent Benjamin Cowburn vividly recounts the methods of British special agents who were dropped into Vichy France during World War II with a mission of establishing secure networks with the French Resistance. His account sheds light on the views of both the Resistance fighters facing torture at the hands of the Gestapo and their besieged French countrymen. Cowburn also shares fascinating insight into the art of spying from establishing a worthy target to executing an operation. He tells the full story of his own sabotage operations, including the destruction of cylinders for thirteen locomotives in the dead of night. As in so many operations, mistakes were made which could have led to numerous arrests. In this case, the details of the operation had accidentally been left on a blackboard in the school where they had planned the raid but were luckily scrubbed out by the headmaster's wife. On another occasion, Cowburn snuck itching powder into the laundry of Luftwaffe agents to cause a disruption. This new edition contains an Introduction by M. R. D. Foot and a Foreword by Sebastian Faulks.

She Landed By Moonlight Carole Seymour-Jones, 2013-07-04 On the night of the 22 September 1943, Pearl Witherington, a twenty-nine-year-old British secretary and agent of the Special Operations Executive (SOE), was parachuted from a Halifax bomber into Occupied France. Like Sebastian Faulks' heroine Charlotte Gray, Pearl had a dual mission: to fight for her beloved broken France and to find her lost love. Pearl's lover was a Parisian parfumeur turned soldier, Henri Cornioley, who had been taken prisoner while serving in the French Logistics Corps and subsequently escaped from his German POW camp. Agent Pearl Witherington's wartime record is unique and heroic. As the only woman agent in the history of SOEs in France to have run a network, she became a fearless and legendary guerrilla leader, organising, arming, and training 3,800 Resistance fighters. Probably the greatest female organiser of armed maquisards in France, the woman whom her young troops called 'Ma Mère', Pearl lit the fires of Resistance in Central France so that Churchill's famous order to set Europe ablaze, which had brought SOE into being, finally came to pass. Pearl's story takes us from her harsh, impoverished childhood in Paris to the lonely forests and farmhouses of the Loir-et-Cher, where she would become a true warrior queen. Shortly before Pearl's death in 2008, the Queen presented her with a CBE in Paris. While male agents and Special Force Jedburghs received the DSO or Military Cross, an ungrateful country had forgotten Pearl. She had been offered a civilian decoration in 1945, which she refused, saying, 'There was nothing civil about what I did.' But what pleased her most was to receive her Parachute Wings, for which she had waited over 60 years. Two RAF officers travelled to her old people's home, and she was finally able to pin the coveted wings on her lapel. Pearl died in February 2008, aged 93.

Shadow Knights Gary Kamiya, 2011-12-06 Pulp History brings to life extraordinary feats of bravery, violence, and redemption that history has forgotten. These stories are so dramatic and thrilling they have to be true. In **SHADOW KNIGHTS**, everyday men and women risk their lives on top-secret missions to

sabotage Adolf Hitler's Third Reich Hell bent on conquering Europe Hitler had just set his sights on England when Winston Churchill reached into his bag of tricks and invented a secret spy network of ordinary citizens These schoolteachers housewives prostitutes and farmers abandoned their former lives trained in covert black ops and set Europe ablaze Parachuting into Nazi territory under the cover of night they destroyed factories armed resistance networks and turned Hitler's juggernaut on its head

Agent Most Wanted Sonia Purnell, 2022-08-09 A young readers adaptation of Sonia Purnell's New York Times bestselling book *A Woman of No Importance* the story of Virginia Hall the unassuming American spy who helped the allies win World War II Virginia Hall was deemed the most dangerous of all allied spies by the Gestapo Armed with her wits and her prosthetic leg she was deployed behind enemy lines to inspire resistance in France providing crucial support to fighting the Nazi occupation In this largely untold story Sonia Purnell uncovers the truth behind a Baltimore socialite who was essential to allied victory Adapted for the elementary to middle school audience *Agent Most Wanted* is equal parts an inspiring tale of feminism in a time when women weren't taken seriously an epic spy story and of course a retelling of winning one of the largest global conflicts in modern history

Unearthing Churchill's Secret Army Martin Mace, 2012-12-19 The Special Operations Executive was one of the most secretive organizations of the Second World War its activities cloaked in mystery and intrigue The fate therefore of many of its agents was not revealed to the general public other than the bare details carved with pride upon the headstones and memorials of those courageous individuals Then in 2003 the first batch of SOE personal files was released by the National Archive Over the course of the following years more and more files were made available Now at last it is possible to tell the stories of all those agents that died in action These are stories of bravery and betrayal incompetence and misfortune of brutal torture and ultimately death Some died when their parachutes failed to open others swallowed their cyanide capsules rather than fall into the hands of the Gestapo many died in combat with the enemy most though were executed by hanging by shooting and even by lethal injection The bodies of many of the lost agents were never found destroyed in the crematoria of such places as Buckenwald Mauthausen and Natzweiler others were buried where they fell All of them should be remembered as having undertaken missions behind enemy lines in the knowledge that they might never return
