My focus being that rather practitioners, not customers will provide a solution. Usually, we are given a document that explains the idea. Some of the ideas are good, but I am not confident that the results that would be achieved are realistic. In fact, some are ridiculous and usually that leads to being given a response that says: it is not possible. I agree that such a statement is not exactly the best that can be said, but I agree that given the situation, such a statement is not helpful. I would like to see some of the ideas that are given in more detail.
