America's Favorite Recipes the Melting Pot Cuisine Uma Aggarwal,2016-11-10 America is called a melting pot of all cultures As the immigration of different cultures continue to flood this land of opportunity a revolution is taking place in the fusion of their cultures and cuisines This transformation has been very prominent in the last

50 years and it is clearly visible in the emerging American cuisine. Practically this cuisine has fused to become a spectacular global cuisine. In my book I am not only giving the recipes that we love so dearly but also tried to emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life. We have to watch what we eat. I am trying to bring this point to the attention of the reader that according to ancient Indian treatises and modern scientific research it is established that the use of spices is not only for taste but it is for their hidden meaning. They have anti carcinogenic properties and their use is very important to maintain a good healthy lifestyle. Americans are heavily ridden with obesity, heart diseases, diabetes, breast cancer and many other diseases. Being an American East Indian pioneer with my east Indian wisdom of Ayurveda, my idea is to make these exotic recipes as healthy as possible by using these spices. I have also tried to capture and write the history and origin of these recipes. My basic point of view is that to make the food delicious use fresh ingredients, herbs and spices and do not try to over load them with various cheeses, creams, sugars and lards to make them delicious. You are what you eat. Most of these foreign recipes have historical dimensions and origin. They have now shaped themselves gradually to suit the American palate and have become an integral part of American cuisine. We can make them equally delicious by wisely using healthful ingredients. In order to make these books interesting and enjoyable they are written with easy step by step instructions. I am hopeful that these books, **America's Favorite Recipes Part I, Part II and Part III** will soon become your favorite coffee table books as well as your recipe books. **Cook's Illustrated Revolutionary**

Recipes America's Test Kitchen, 2018-10-23 2019 IACP Award Winner in the Compilations Category. On the occasion of Cook's Illustrated's 25th anniversary we've gathered together our most extraordinary recipes and innovations from the past quarter century in this hands on book packed with practical tips and techniques. These recipes tell the story of how Cook's Illustrated has changed American home cooking through its signature blend of rigorous testing, culinary research, science and unorthodox approaches to developing foolproof recipes. As fans know a big part of what makes the magazine so trustworthy and enjoyable to read is the essays that accompany each recipe tracing from initial brainstorming to aha moments and the occasional catastrophe to final success. Rarely republished since they first appeared these feature length stories celebrate the art of food writing and the extensive work that goes into every recipe. In addition to the recipes, essays and helpful sidebars this book also features the trademark black and white illustrations that have become synonymous with Cook's Illustrated, creative use of the beloved front and back cover art and a new addition, gorgeous full color photographs of each dish. Featured recipes include Perfect corn on the cob that never gets boiled, ultracreamy tomato soup that's completely dairy free, the fastest roast chicken recipe, oven grilled London broil and ingenious low key approaches to traditionally high fuss recipes such as risotto, French fries, pie crust and many more.
