Religious Freedom and COVID-19 Jelle Creemers,Tatiana Kopaleishvili,2024-08-20 The impact of the COVID 19 pandemic will be a topic for academic research for years to come. This collection brings together international scholars from various disciplines to analyse the impact of the pandemic on both religious freedom and on religious community life in Europe. Divided into two parts the first focuses on theoretical considerations while the second explores local challenges and includes case studies from countries with different socio political profiles. The book includes critical evaluations of public crisis management of religious communities during the pandemic as well as critical reflections on religious freedom appeals in such crisis. In sum the volume probes and challenges scholars and students of law religion politics and sociology to go beyond the typical oppositions in considering Freedom of Religious Belief in the current secular European context. The work will be a valuable resource for academics researchers and policy makers working in the areas of Law and Religion Human Rights Law Sociology and Political Science

Made-to-Measure Future(s) for Democracy? Julen Zabalo,Igor Filibi,Leire Escajedo

San-Epifanio,2022-11-25 This open access volume analyses the development of democracy at different levels of governance from local to global. The Basque search for an institutional and democratic model that adapts to its social needs and solves its problems offers an interesting perspective for analyzing the way in which democracy is seeking new forms of materialization from the local to the global. The volume is divided into four parts. The chapters in Part I analyze the tensions between the

neoliberal vision of democracy and the voices contesting it with projections at different levels of government The chapters in Part II focus on the emerging framework and scales of Western democracy The chapters in Part III present new forms of citizen participation paying special though not exclusive attention to new practical strategies for Basque society The volume concludes with a block of chapters on the relevance of reviewing the methodological and epistemological frameworks from which knowledge about democracy and mechanisms of citizen participation is generated Part IV By delving deeper into the idea and practice of democratic governance this volume will be of interest to researchers and students from all disciplines of politics international relations sociology and law
