

Congratulations on your 8th grade graduation!

I wish I let this occasion pass without expressing my pride and happiness for all of you. I have known most of you for several years, and some of you for many years! It has been my pleasure and honor to watch you grow, learn, and become wonderful young ladies and gentlemen.

I know you are ready to move on to high school. You won't miss either every academic lesson you learned here, but you will remember how you were treated. I hope that you leave with many fond memories and this school is your home.

As you embark on your next exciting journey, here is a little "graduation" for high school:

1. Stay connected to your Creator! Pray often and live your faith. The Lord has invited you to His table, attend Mass. You are God's wonderful creation, and He has big plans for you.
2. Keep your current friends and make new ones.
3. Get involved! Join a club, team, and be active in the school's many activities. Find your passion and contribute.
4. High school can be challenging. Do your best. Stay strong and remain strong academically.
5. High school grades matter as you are building your transcript and resume from Day 1 for your future. Set goals and work towards them.
6. Work hard and always have integrity. Be honest and make choices that will make you proud of yourself. Do what is right and not what you can get away with.
7. Live a clean, wholesome life. Don't do anything that will end or change your life. Think before you act. You have a lot to look forward to after high school. Use your own brain, and don't succumb to group-think.
8. Value yourself and others always. Pray for yourself and for others.
9. The good stuff happens when you're not holding your cell phone!
10. Know you are loved, and you have people cheering for you. Keep them close and be grateful.

May your blessings continue. Please keep me in your prayers and you will remain in my mind. May God bless each of you!

Hatching Results for Secondary School Counseling Trish Hatch, Whitney Triplett, Danielle Duarte, Vanessa Gomez, 2019-04-25 School counseling that makes a difference for all students. As a secondary school counselor, you're recharged with implementing a comprehensive program to promote the academic, college, career, and social-emotional development for all students. This means developing school counseling core curriculum classroom lessons, delivering engaging content to students and families, managing classroom behaviors, providing and analyzing assessments, and sharing the results with stakeholders. The good news is that you don't have to do it alone. In this guide, four experienced school counselors, national leaders, and expert trainers take you step by step through the creation, implementation, and evaluation of a high-quality Tier 1 school counseling system of supports. With a focus on proactive and prevention education through core curriculum classroom lessons, individual student planning, and schoolwide programs and activities, this practical text includes: The school counselor's role in a Multi-Tiered System of Supports; Examples to help with design, implementation, and evaluation of Tier 1 school counseling activities; Instruction around selecting curriculum and developing lesson plans and action plans; Strategies for managing student behaviors in the classroom, aligned to the school counselor's appropriate role; Alignment with the ASCA National Model; Vignettes from practicing secondary school counselors; Recommendations for including families in prevention activities; Management tools, reproducible templates, and reflective activities and process questions. You teach the academic, college, career, and social-emotional competencies students need to be successful learners. With this book's expert assistance, you'll be prepared to not only help them succeed but also demonstrate to others the impact of the school counseling program on student achievement.

Teaching ELLs Across Content Areas Nan Li, 2016-04-01 The book *Teaching ELLs Across Content Areas: Issues and Strategies* is a unique useful text written for K-12 teachers. This book is the culmination of the professional knowledge, expertise, and experience from the distinguished authors who represent the entire range of the content areas including language arts, science, mathematics, technology, arts, psychology, and Hispanic studies. The ELL school population has reached 5.3 million with the increase rate of 51 percent from School Year 1998-1999 to 2008-2009 (NCELA, 2012). By 2025, one out of four K-12 students will be ELLs (NEA Policy Brief, 2013). The NEA data states that the ELLs are the fastest growing student population group in our schools, and providing them with high quality services and programs is an important investment in America's future (NEA Policy Brief, 2013). With the fast growth of the ELLs in schools, basic information and strategies are needed by all K-12 teachers. This book provides useful information and strategies for all K-12 teachers in content classrooms. This book has three significances. First, the book provides the most needed information for K-12 teachers with issues and strategies that are important in content areas to help ELLs succeed. With the fast growth of the ELLs in schools, K-12 teachers need this information in content classrooms. Second, the book fills the gap related to teaching ELLs in content areas.
