

- 45 Henry made the scatterplot shown.

The scatterplot shows the data points, and it also shows the linear model that Henry drew. Which statement **best** describes the linear model?

- A The linear model describes the data well because points are scattered above and below the line.
- B The linear model describes the data well because all the points are close to the line.
- C The linear model does not describe the data well because the line does not go through any of the points.
- D The linear model does not describe the data well because most of the points are located above the line.
