The Great Indian Phone Book Assa Doron, Robin Jeffrey, 2013-04-02 In 2001 India had 4 million cell phone subscribers Ten years later that number had exploded to more than 750 million Over just a decade the mobile phone was transformed from a rare and unwieldy instrument to a palm sized affordable staple taken for granted by poor fishermen in Kerala and affluent entrepreneurs in Mumbai alike The Great Indian Phone Book investigates the social revolution ignited by what may be the most significant communications device in history one which has disrupted more people and relationships than the printing press wristwatch automobile or railways though it has qualities of all four In this fast paced study Assa Doron and Robin Jeffrey explore the whole ecosystem of the cheap mobile phone Blending journalistic immediacy with years of field research experience in India they portray the capitalists and bureaucrats who control the cellular infrastructure and wrestle over bandwidth rights the marketers and technicians who bring mobile phones to the masses and the often poor village bound users who adapt these addictive and sometimes troublesome devices to their daily lives Examining the challenges cell phones pose to a hierarchy bound country the authors argue that in India where caste and gender restrictions have defined power for generations the disruptive potential of mobile phones is even greater than elsewhere The Great Indian Phone Book is a rigorously researched multidimensional tale of what can happen when a powerful and readily available technology is placed in the hands of a large still predominantly poor population

New Researches New Ideas on Social Sciences Eyup Saritas, 2017-06-21 Edited by the Assoc Prof Dr Eyp Saritas this book contains results of most recent scientific studies by nineteen academicians from Turkey China and Korea Even though majority of chapters were written by Turkish academicians the research subject analyses issues from different parts of the world Chapters were substantially written by young academicians which adds to dynamism of the book Having profound professional experience on their field of interest the Turkish writers have applied an extensive perspective beyond the national borders as much as possible so that the reader finds results of global academic studies such as the Egyptian literature Balkan history Byzantium history and Western philosophy and thinking that go beyond boundaries of Turkey
